PROFILE

Technical Support Engineer with 3+ years of experience providing enterprise IT support across global environments. Experienced in ServiceNow incident management, Active Directory user administration, Microsoft 365 support, VPN connectivity, Windows/macOS troubleshooting, remote desktop support, and network issue resolution. Skilled in ticket ownership, SLA-driven support, user account management, password resets, application troubleshooting, and end-user support following ITIL best practices. Proven ability to resolve technical incidents efficiently while delivering excellent customer service and maintaining high user satisfaction.

WORK EXPERIENCE

Diebold Nixdorf India Private Limited - JUN 2024 - APR 2026

Technical Support Associate

- Provided international technical support to enterprise users through phone, email, and remote channels, delivering effective incident resolution and high levels of customer satisfaction.
- Delivered remote desktop support for Windows, macOS, and Linux systems, troubleshooting operating system, application, and user access issues.
- Performed Active Directory administration including password resets, account unlocks, access management, and authentication support.
- Supported Microsoft 365 applications including Outlook, Teams, and Office Suite, resolving collaboration and productivity-related issues.
- Troubleshoot VPN, MFA, remote access, printers, MFDs, peripherals, and workplace technology issues to minimize business disruption.
- Managed incidents through the complete ServiceNow ticket lifecycle, maintaining SLA compliance, ticket ownership, and customer satisfaction.
